After high school I attended Merritt Davis School of Commerce and earned a degree in Executive Secretarial/Accounting. I married in 1965 and got my PHT (putting hubby through) from Oregon State. I worked for Wah Chang until 1968 then moved back to Salem where our first daughter was born and 28 days later my husband was sent to Viet Nam. After his return, we moved to Coos Bay for three years where our second daughter was born in 1971. In 1973 we moved to Roseburg where we lived until our divorce in 1986. At that time I moved my two daughters to Salem to be close to my family.

I remained single for 17 years during which time I worked for SAIF Corporation first in Accounting then moved to Credit & Collections as Regional Credit Manager where I stayed until I retired in 2003. During that time I was a member of a national credit association where I served on local, state and national Board's of Directors at various times. Who would think that collecting money or granting credit to someone was exciting, but I absolutely loved it!

In 2002 I married Hal Wineland whom I had known since first coming back to Salem. A great friendship evolved into more in 2000 when we decided to try dating. He had me at "Hello" at that point. Nothing better than marrying your best friend! (I know, that's an old saying, but true!) Sure makes marriage much better when you have a friend to share it with. Hal retired from being the Credit Manager at Pendleton Woolen Mills in Portland in 2010 and we have travelled quite a bit since then.

We have a timeshare in Cabo San Lucas where we have two weeks a year and last year we also purchased a fractional ownership in a villa there. We spent the first half of June there this year and had a ball. We love to golf so spend quite a bit of time at Eagle Crest in Central Oregon and also travel to Idaho in September each year to meet up with a couple from Alberta, Canada that we met at the golf resort there. In 2011 we spent 12 days in Belgium while travelling with a jeweler friend and wife who go there every year to purchase diamonds. That was truly a trip to remember!

I have been a volunteer for Red Cross for several years, both in helping with the clerical part of blood drives and also as a volunteer in the accounting office. In 2010 I became a Master Gardener which has been very rewarding and challenging.

I love to golf, garden, collect antiques, winery trips and spending time with family and friends.
