We have lived on Bainbridge Island for 35 years, raising our family here and making a number of good friends over the years. Our two kids (Teresa and Craig) remain in the area, with Teresa living on Bainbridge and Craig living in Seattle. Jan (Salter, SSHS Class of '62) and I enjoy our role as Grandpa and Grandma and feel blessed that the entire clan live near by.

Craig enjoyed a 27-year career in investment management, retiring as President of Composite Research, WAMU's mutual fund management company, in 1995. Retirement brought other interests, including tennis, racquetball, golf and travel. As we've gotten older (still young though, right?), we have enjoyed heading to warmer climes during the winter and will continue our getaways as long as possible.
