We like to swim in our pool; do yard work; go on vacations; driving around the country, we have driven out to Oregon and up to Baltimore several times; gone on several cruises; but we really like to be home with our dogs. We have a retired Greyhound, Sweet Pea, and a rescued Chihuahua, Cinni. JoAnne and I have really become homebodies.

We had our retirement home built when I retired 12 years ago and we just love it. We have a commercial kitchen as we both like to cook, and we cook out by the pool year round.

Give us a call or a line whenever. We were so looking forward to being there this year but we have other plans for that time.
