After high school I joined the Air Force and was stationed in Ohio, Washington DC, Las Vegas, and Thailand. I was discharged in 1976. I worked in Eugene for the school district for several years and then moved to Hillsboro and have worked for several manufacturing companies in their warehouse.

After retiring, my wife, Cheryl, and I traveled to 36 of the states. Last year we took our motor home (and cat) and spent two months in Arizona to try out the "snow-bird" lifestyle, but decided those people were too "old" for us!

My son lives in West Virginia and daughter lives in Florida - a good reason for a road trip! Along with traveling, we like to play golf and work in our yard.
