Children: I forgot to have children!

WHOA! The last 50 years ...? Well, I did graduate from SSHS in 1963. It has been so long, who remembers.

I still have my horse, B.B. King, who is now 19 years old; my cat, T.J. lives with me and of course, I don't remember when I got her, so I don't know how old she is.

In summary, if you have something that you care to know, you're welcome to ask me. I am a good listener so feel free to share what is up with you!

I have four to six deer around and they use my lawn for afternoon naps and they make beds on my back slope.
