Following high school graduation I attended OCE (Western Oregon College) and OSU, graduating with a B.S. in General Studies. I married my college sweetheart, Kay, in 1966 and upon college graduation spent a year with Meier and Frank in their Buyer Program. From there we moved to Portland where I took a job in the Trust Department at US Bank. 5 years later I moved on to become a Financial Advisor (Stock Broker) for Paine Weber Jackson and Curtis and eventually UBS. We raised our three children, Mark, Jill, and Jennifer while living in the Gresham area. Our three children are all married with two children each. Mark and wife Heidi live in Gresham, Jill and Eric Reece live in Salem, Jennifer and Pete Schoen live in Happy Valley.

While I was busy in the brokerage business, Kay worked in the Gresham Barlow School District as a counseling secretary. She retired in 2004 and I followed in 2007 after 33 years as a broker.

I've always enjoyed playing golf, and since retirement stay active in the Men's Club at the Gresham Golf Course. My two hip replacements affected my scores, but that's still my #1 activity.

Kay and I like to travel with our travel trailer, and love to camp with our friends and family (whenever they have free days from all of their sports activities). Being involved in our grandchildren's lives keeps us busy. I also enjoy reading, volunteering at the Oregon Food Bank, church activities, and gathering with friends for "Game Nights."
