Following graduation from South, I attended Portland State University and University of Oregon. After three draft notices, I was lucky to find a spot in the National Guards. I joined up in 1967 and married Janet Auld (SSHS '63) after finishing basic training. We celebrated our 46th anniversary this June.

I worked for U.S. Bank in Salem for 10 years. I spent 20 years in the car business, first as a service manager at Capital Toyota and then as general manager and owner of a Dodge store at the height of gas rationing, gas lines and 22% money.

I continue to ride snowmobiles with my family in the Sisters Three Creeks area. Summer, I enjoy fishing,

boating, jet skiing or riding my Polaris Razor on the sand dunes at Winchester Bay. Jan and I still take the BMW motorcycle out for a spin. I've given up scuba diving but taken up ice fishing. My hobbies include welding, yard work, and bird hunting with my 3 year old German Shorthair Pointer Gunnar. He is a great bird dog and loving companion.

We do many activities with our daughters and families. The grandchildren keep us young and we enjoy introducing them to our adventuresome life style. Now that Jan and I

are retired we are spending more time at our vacation home at Black Butte Ranch in Central Oregon. It is a great location for many of the outdoor activities we enjoy as a family.

Looking forward to seeing everyone at the 50th.
